Preschool

Hello!

Thanks so much for your interest in our church preschool. Here you will find admittance guidelines as well as an application for admission. You’ll notice that one of the requirements for admission is that the child must be three years in age by July 2012. If your child misses this deadline by a couple months, send in the application anyway with comments on your child’s current growth progress. We have an EXTREMELY limited number of student spots available; therefore, it is absolutely imperative that you get your child’s/children’s applications in as soon as possible! Applications are considered in the order in which they are received. A paper version of all the information on the website is available upon request. Visit our Contact Page.

Let me emphasize right from the beginning that we strive to be a Bible based preschool and not a daycare! What’s the difference? A daycare is geared for “babysitting” only. A preschool, however, is intentionally designed to prepare the child emotionally and educationally for their school career. Let me also say that we do offer an “after-care” program following morning preschool from noon to 5pm. This is a much less formal environment than the morning session. The after-care privilege is only open to students who participate in the morning preschool session.

Please understand that at the LHCP everything we do will be thoroughly Bible based. The learning environment will be saturated with Christian values and teachings. With this as our foundation, your child will also be introduced to other educational concepts such as the alphabet and phonics, numbers and counting, shapes and colors. Our teachers will also strive to teach manners, life skills, character development, as well as fine and gross motor skills. It is our goal to partner with you to help your child excel in life!

Our students will learn in, and have full use, of our church’s Family Life Center. This is a new 4,500 sq. ft. facility with plenty of room for little ones to run, play, and learn. Normally, we offer (2) Preschool Open Houses, one is scheduled in the Spring, when Preschool is in session, designed to give you, the prospective parent(s) and student the opportunity to see our school in action. We’d love for you to drop in! A second open house is normally scheduled for one day in August, normally the week prior to school starting. This day will give you and your student the opportunity to examine and explore the learning environment and also have extra time to discuss your concerns and aspirations for the coming year with our Preschool Staff. We are easy to find: if you are traveling on Alternate 58 from Pennington Gap to Jonesville, take the first left onto Route 643 (Ward Hill Road)just after you pass the Lee Regional Medical Center. Travel two miles and turn right onto our Long Hollow Church Road. You’ll see the large blue and white church sign on the left.

Thanks again for your interest!
